ISTANBUL / KUCUKCEKMECE

Project Details

A vital project in Kucukcekmece, suitable for real estate investment, located directly on the E5 highway.

A project characterized by a medical hotel-style suitable for real estate investment near the most important specialized hospitals in the region.

The project has a distinctive design based on the concept of investment and includes two types of apartments, the first is for investment only, and the second can be used as a residence system.

The project allows the property owner to achieve the highest possible benefit through the guaranteed rental return for a period of 10 years.

The project's biosphere eliminates the need for residents to go anywhere else for shopping and other necessities of life. The project contains commercial units that constitute the project's open commercial market.
