## Project Details

The most significant project suitable for housing and investment is in the heart of Istanbul's European side, where you will be the pivot of the city.

A project that includes options for residential and investment apartments carefully designed with accurately planned spaces and different styles in harmony with the upscale surroundings and lively neighborhood.

Over an enormous area, the project buildings are distributed, which include suitable options for investment from hotel apartments, offices, and commercial units, and this project is the most prominent modern investment in Taksim, which is the center of Istanbul and tourists first destination.

This famed area is characterized by its vitality and permanent activity and is recognized by the availability of all means of transportation from the metro and tram in addition to public buses around the clock, seven days a week.

The center of the city and a privileged location near the most important and prominent tourist and archaeological sites and important avenues and neighborhoods of the city such as Maslak, Nisantasi, Levent, and Eminonu.

The latest real estate investment in the heart of Istanbul, where life goes on throughout the day.
