Project Details

With the signature of the strongest and most important Turkish construction companies, a huge residential project that includes residential options for villas and apartments of various styles and large areas, in Kucukcekmece.

Villas and apartments with designs that keep pace with modern life with a new concept of comfortable housing within buildings with low heights.

The project designed with engineering creativity with the addition of large green spaces that include recreational facilities for a more active and lively life, and water bodies with carefully selected outdoor seating to enjoy your precious time.

The project contains all the recreational facilities that give you and your family a lot of fun through playgrounds, swimming pools, running tracks, bicycles path.

The luxury of the project also stands out through the neighborhood rich in international schools and colleges, the largest government hospitals, and of course the proximity to the TEM international road, which gives the project a high investment value.

The project is suitable for obtaining Turkish citizenship
